THE MILITARY. The military spirit has not been very ac-

tive during the past year, owing to the want of suitable armories and the conviction on the pirt of the young men that their services in the companies are not properly appreciated. With the experience of the past, it is hoped that they will begin the year under more auspicious circumstances, and that our city and cuizens will do all in their power to foster and encourage the military, which are our reliance in days of trouble and our pride and glory in the piping times of FIRST REGIMENT.
